

Migration

This documentation helps you migrate from Magnolia 4.4/4.5 to Magnolia 5.0. The product [changed](#) significantly over these major versions. Follow the [migration process](#) and plan the migration well so you can take advantage of new features.

- [Should you migrate?](#)
- [Migration process](#)
- [Migration FAQ](#)
- [Migration exercise 4.4 to 4.5](#)

Please [report any issues](#) you find in the migration tool. Your project is unique and everyone uses Magnolia in a different way. The more feedback we have the better we can make the tool.
