

Migration exercise 4.4 to 4.5

This is a hands-on migration exercise. You can learn the process as you migrate a real project.

4.5 only

This exercise takes you up to Magnolia 4.5. After you finish the exercise, continue from [9. Prepare for 5.](#)

Goal

- Gain an overview of the migration process from 4.4 to 4.5.
- **Understand in detail every step of the migration process.**
- Understand the usefulness of the migration tool and how to use it.
- **Migrate on a real project.**

Let's start!

- [Exercise 1 - Eclipse and bundle](#)
- [Exercise 2 - update configuration and code](#)
- [Exercise 3 - update the repository and webapp](#)
- [Exercise 4 - run the migration tool](#)
- [Exercise 5 - work on the delta](#)
- [Exercise 6 - test extra migration tasks](#)
- [Exercise 7 - finalize migration to 4.5](#)
- [Exercise 8 - migrate in production](#)
